INTERNATIONAL WOMEN'S DAY

"In India, almost 43% of STEM graduates are women"

Let's commit this year to contribute and inspire young girls and women, especially from underprivileged communities to come forward in STEM education and upskill their financial literacy. This has a potential to break long-standing women related stereotypes and foster a stronger nation together.

"Invest in Women; Accelerate progress"

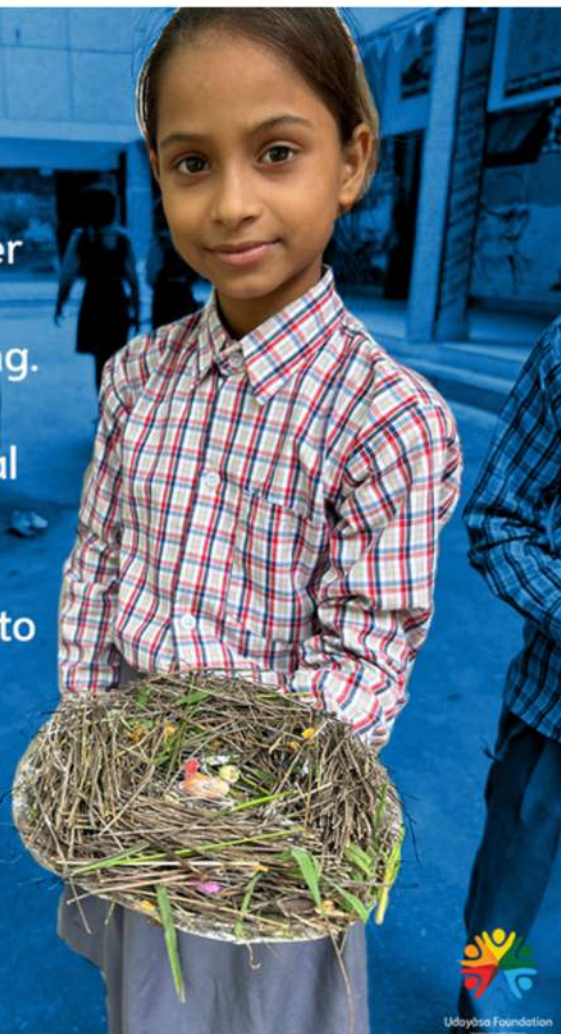

The graphic features a white background with floral illustrations. At the top is the Udayāsa Foundation logo. Below it is an illustration of three women's faces framed by a wreath of green leaves and orange flowers. The text is in a mix of bold, black, and italicized fonts.
